

ANNOUNCEMENT & CALL FOR ABSTRACTS

28th Annual International Conference on Soil, Water, Energy, and Air Mission Valley Marriott, San Diego, CA March 19-22, 2018

The Association for Environmental Health
and Sciences Foundation Announces a

CALL FOR ABSTRACTS

We invite you to submit an abstract for consideration for presentation at the 28th Annual International Conference on Soil, Water, Energy, and Air, March 19-22, 2018. Please visit our website for online abstract submission. The online system will guide you through the submission of your abstract and author information. A 300 word maximum is allowed for the body of the abstract. Complete contact information for each author is required. All abstracts must be submitted online (abstracts will not be accepted by email).

www.aehsfoundation.org

DEADLINE FOR SUBMISSION IS JULY 7, 2017

March 2018 will mark the twenty-eighth annual gathering of environmental professionals to the Conference on Soil, Water, Energy, and Air. For the past twenty-seven years, this annual conference has helped to bring the environmental science community closer together by providing a forum to facilitate the exchange of information of technological advances, new scientific achievements, and the effectiveness of standing environmental regulation programs. This international conference attracts attendees from all areas of the globe, including representatives from state and federal agencies, military, industry (railroad, petroleum, transportation, and utilities), environmental engineering, consulting, and academia.

The Annual International Conference on Soil, Water, Energy, and Air offers attendees an opportunity to exchange findings, ideas, and recommendations in a professional setting. The strong and diverse technical program is customized each year to meet the changing needs of the environmental field.

Conference Highlights: *Platform and poster sessions* feature research, case studies, and the presentation of new programs. *Exhibitions* augment the conference program and bring applied technology to attendees. Focused *workshops* provide attendees with practical information for immediate application. Daily *socials* provide ample opportunities for networking and discussion. See our website to read testimonials from a recent conference.

Conference Directors: Paul Kostecki, Ph.D.
and Edward J. Calabrese, Ph.D., *University of
Massachusetts, Amherst, MA*

AEHS 
Foundation

28th Annual International Conference on Soil, Water, Energy, and Air

March 19-22, 2018 • Mission Valley Marriott, San Diego, CA

SESSION TOPICS may include, but are not limited to, the following areas:

Acid Mine Drainage	Innovative Remedial Technologies
Arsenic	Institutional Controls
Bioavailability	Legal Issues in Environmental Health
Bioremediation	MTBE/Oxygenates
Biotechnology	Nanotechnology
Brownfields	NAPL
Chemical Analysis	Oil and Gas Production
Chlorinated Compounds	Pharmaceuticals in Water
Cleanup Standard Setting	Phytoremediation
Contamination at Military Installations	Regulatory Programs and Policies
Ecological Risk Assessment	Remediation
Emerging Contaminants	Risk Based Corrective Actions (RBCA)
Energy	Sediments
Environmental Fate and Modeling	Site Investigation
Environmental Forensics	Soil Chemistry
GIS/Data Visualization	Sustainability
Health Effects	Urban Runoff
Heavy Metals	Vapor Intrusion
Human Health Risk Assessment	Water Resources
Hydraulic Fracturing	Wetland Restoration
Hydrocarbon Identification	

SPECIAL CALL

TOPICS OF SPECIAL INTEREST FOR 2018:

Submission in the following areas is highly encouraged

WATER TOPICS

- Current Issues Surrounding Water Resources and Quality
- Emerging Chemicals in Groundwater
- Issues Facing the Future of Groundwater Cleanup in California
- Pharmaceuticals and Personal Care Products in Recycled Water
- Stormwater Management
- Water Reuse/Direct Potable Reuse

OTHER TOPICS

- Alternative and Sustainable Energy
- Climate Change/Sea Level Rise
- Fuel Transport, Safety, and Risk Management
- Hydraulic Fracturing
- Nanotechnology
- Perfluorinated Compounds
- Risk Assessment - Human Health

STUDENT COMPETITION:

2018 will mark the 14th Annual Student Competition at the West Coast Conference. (1) \$1000 cash prize and (2) \$500 cash prizes will be awarded to the three best student presentations. Both platform and poster presentations may be eligible. Format of competition is based on submissions. All students are invited to enter, full or part-time (post-docs excluded). Winners will be selected based on originality, organization, communication, research techniques, and overall quality of the presentation. To enter, select the option for "student competition" during abstract submission online. Proof of student status is required.

PUBLICATION:

Manuscripts from both platform and poster presentations may be voluntarily submitted to be considered for publication in the conference proceedings. Manuscript submission instructions and deadlines may be found on our website.

In addition, manuscripts from both platform and poster presentations may be voluntarily submitted for consideration for publication in any of the following peer-reviewed journals:

- ▶ Environmental Forensics
- ▶ Human and Ecological Risk Assessment
- ▶ International Journal of Phytoremediation
- ▶ Soil and Sediment Contamination: An International Journal

Please contact the Managing Editor of the journal you are interested in. See "Instructions for authors" under the respective journal link on our website.
